- **Kingdom Dance Resources***
- **(flags, streamers, ribbons, etc.)**

www.kingdomdance.co.uk

* "Kingdom Dance Resources" is the trading name of Kingdom Dance Resources Limited

An experienced schoolteacher, Marie moved from Hertfordshire to Somerset where she has been able to concentrate on her involvement with Christian dance. She has also written many instructional manuals on dance, flags, ribbons, drama and other similar themes. She represents Kingdom Dance Resources Limited, of which she is Director, and lives in St. Audries, Somerset, with her husband and 6 cats! She offers her skills as a teacher and encourager, and these gifts have already been used in the following ways:-

- **SPRING HARVEST**

In the last 8 years Marie has taken the dance workshops and led dance in celebrations for Causeway PROSPECTS. She has also worked on the Legacie and Powerpack teams in family celebrations at Minehead, Skegness & Weymouth.

- **SCHOOLS AND CHILDREN'S GROUPS**

As well as taking dance workshops for children in churches and youth organisations, Marie has been used by schools in leading drama/movement assemblies, and in schools workshops at Wells Cathedral. She often conducts "Family Dance Days" for individual churches or groups of churches.

- **KINGSWAY CONFERENCES**

In addition, her gifts have been put to use as part of the Kingsway teaching team, taking dance, drama and flags seminars at their weekends and day conferences for leaders in children's ministry churches.

- **BRUNEL MANOR**

For the last 3 years Marie has run a very successful residential dance conference at Brunel Manor, with numbers increasing year on year.

- **CDFB (Christian Dance Fellowship of Britain)**

Marie takes regular dance workshops in the south and west, and increasingly nationwide. She is Regional Co-ordinator for the Bristol and West region.

- **ICDF (International Christian Dance Fellowship)**

Marie has been appointed the international co-ordinator for the Flags and Banners Network of the ICDF. She taught at the ICDF Creative Arts Conference in Sydney, Australia in 2000, as well as at the 2003 Conference in Dallas, Texas, USA, and again in 2006 in Kuala Lumpur, Malaysia.
